BEAUFORT COUNTY DEMOCRATIC PARTY FORMS OPPOSITION MOVEMENT

The foundations of our Democracy are at risk as the current administration seeks to dissolve the balance of power of three co-equal branches of government, weaken ties with Democratic allies, and cut loose the social safety net protecting the most vulnerable citizens. The Beaufort County Democratic Party remains fearless and steadfast in opposition, committed to fighting every day for a nation and a state that we call home.

People from across the political spectrum are alarmed and outraged by the unconstitutional overreach of the current administration. Many Beaufort County residents have taken to the streets in recent protests, large and small. They are expressing a wide array of views on national issues, from support for Ukraine, women's rights, social security, and diversity initiatives to opposition of the Executive branch and the efforts of the so-called "Department Of Government Efficiency."

Closer to home at the state level, voters oppose their Republican representatives pushing the most extreme bills in the country. Republican proposals aim to reverse a generation of civil rights progress on diversity, equity, and inclusion, pass a voucher scam that funnels millions in public money to private schools, and implement a total ban on all abortion procedures with no exceptions.

The BCDP has been inundated with calls from senior citizens, veterans, immigrants, healthcare workers, teachers, and more. Many voters feel left behind by their representatives and we are helping them speak out on issues that matter. Whether that is through calls and meetings with elected officials, peaceful protests, or running for office, we want people to know that the local Democratic Party has organized a robust and sustained opposition movement.

Join us and fight back with the Beaufort County Democratic Party.
